36TH YEAR—NUMBER 36

Since we are past the time of barter and trade for the labor or products, of others labor, with our own labor or products. We can realize that money is the only medium of exchange and the best and safest way to make the exchange is the best.

The loss of a check book is an inconvenience, but the loss of currency or coin is a loss that is seldom if ever replaced.

Hence bring us your currency, coin and other checks and make your exchanges with your own checks.

Up to the time of going to press the returns show Kline has a majority of one over Kirby. Cook is a close third in the race. It will take the official count to decide who is elected Representative and as there are ten votes to be counted cast by students and teachers who are away from home it is anybody's race.

Later—3:30 p. m.—The ten votes are counted and Kirby received 7, Kline 2, 1 blank. Kirby is elected by a majority of 3.

The following is the list of successful candidates:

C. H. Benson, County Clerk.
F. H. Acre, County Treasurer.
Register of deeds, Jos. A. Evans.
Clerk of Court, W. J. Williams.
Probate Judge, A. S. Peacock.
Sheriff, E. H. Allman.

We are having the most beautiful
weather imaginable but it is too dry.

We had only three-tenths of an inch
of rainfall in the month of October.

The rainfall for the six months begin-
ning May 1st was 15.35 inches.

The robins are with us again, re-
turning from their northern haunts.

Will they stay with us all winter?

CLARK—SHAW

On Wednesday, November 4th, at
six p. m. the marriage of Neva
Blanche Clark and Joseph Lynn Shaw
took place at the home of the brides
parents, Mr. and Mrs. Wm. Clark,
who live southeast of Wa-Keeney.

The bride is a graduate of Trego
county High school and has taught
for several years in Trego county.
She is the eldest daughter and is
widely known throughout this coun-
ty. She is a most estimable and wor-
thy young woman and has the high-
est esteem and respect of all who
know her.

The groom is too well known to our
readers to need an introduction hav-
ing spent a large share of his life in
Trego county. Joe as he is best
known is a young railroad man of
marked ability and the steady rise in
his chosen vocation to that of the re-
sponsible position of train despatch-
er at Sharon Springs, bespeaks indus-
try and steady application, which in
turn bespeak the character of the
man. He has only been an employee
in the Union Pacific railway company
about ten years and has worked to
the front very rapidly. He is steady,
honest and upright and his unfailing
good nature has won him a host of
warm friends.

Rev. Allison of this city performed
the ceremony in the presence of a
bout fifty relatives and friends after
which a sumptuous wedding supper
was served.

The bride was very beautifully
gowned in white crepe de chine and
made a charming picture. The groom
was in the conventional black.

After a short visit with friends and
relatives they will be at home to
their friends at Sharon Springs after
November 30th.

The World with many friends
wishes to extend hearty congratula-
tions and best wishes to these esti-
mable young people hoping their lives
may be full of joy and happiness.

Farmers' Institute

Notice of the annual meeting of
the Farmers' Institute has already
been given in this paper. We call at-
tention again to this meeting because
of its value to everyone in the com-
munity, whether living in town or
in the country. Everyone should
arrange to be present and make this
the rallying day of the year for Wa-
Keeney—November 11-12, 1914.

Let us all get behind the institute
and boost it, for by so doing we will
be promoting the general welfare of
the entire community. Note that
the meeting begins at 10 a. m.
and a complete program has been
arranged for the forenoon. One of
the most important lectures of the
day will be given at this session and
no one can afford to miss it.

Frank M. Brassell and Mrs. Mattie
Whitton were married at the resi-
dence of the groom in east Trego by
Rev. C. W. Harper of Ellis. These
estimable people are well known in
the southeast part of the county
where Mr. Brassell has an enviable
reputation as an auctioneer.

Annual Meeting of the Farmers' In- stitute at Wa-Keeney

The annual meeting of the Farm-
ers' Institute to be held in Wa-Ke-
eney, on November 11-12, 1914, is one
of the most important of the year,
and every farmer should make use of
the opportunity it offers for the edu-
cation of himself and his family.
Everyone now agrees that there is no
other business that requires more
thought and study than that of oper-
ating the farm and that the man who
is making the greatest success is he
who takes advantage of the modern
methods and the latest applications
of science to everyday farm practice.
This is likewise true in management
of household affairs.

Along with education must come
enthusiasm for farming and the farm
life, neighborhood co-operation and
community pride, if there is to be an
all around advancement. The live
farmers' institute is one of the great-
est improvement organizations in
Kansas. There are now almost five-
hundred locals within the state. The
annual meeting of the Farmers' In-
stitute should be the rallying day
for all farmers of this community.
The people of the town will find it
well worth while to attend also. Do
not forget the date or the place.

Farmers' Institute

The Farmer's Institute is for every
body. In many counties the build-
ings will hardly contain the people
so great is the enthusiasm, but it
seems an up-hill job to awaken the
people here to a real interest. Are
we so behind the others? The speak-
ers sent by our experiment station
are all well posted on all the condi-
tions that pertain to our territory
and can give many pointers on the
different topics. The local speakers
are selected as near as may be from
among our best farmers. If you
have any good things come and tell
them, if you have any choice prod-
ucts bring them. Urge the boys and
girls to engage in the contests. Any-
thing to make the farming better,
the farms more productive, the
farmers more prosperous.

It is by getting together that we
may be of help to each other. Ex-
change of ideas is for the farmers,
like the old adage, "A change of pas-
ture to make fat cattle."

A picnic dinner is to be held the
second day, in the court house base-
ment. Come and be sociable every-
body.
